SCR 91—REFERRED TO COMMITTEE

(Creating an interim committee to study the financial structure of life insurance companies)

The Chair laid before the House the following resolution:

SCR 91

Whereas, In the history of this state there have been life insurance companies who have been placed in receivership by the Insurance Liquidator-Receiver; and

Whereas, The Legislature has from time to time enacted laws to strengthen the financial structure of life insurance companies and has provided funds for the proper administration of the State Board of Insurance; and

Whereas, The 62nd Legislature has enacted laws providing for strict regulation of insurance holding companies and other statutes to strengthen the insurance laws of this state; and

Whereas, It is imperative and in the public interest that the Legislature continue to enact laws in an effort to assure solvency of life insurance companies and the protection of policyholders; now, therefore, be it

Resolved by the 62nd Legislature, That an interim committee composed of two Members of the Texas Senate to be appointed by the Lieutenant Governor, two Members of the House of Representatives to be appointed by the Speaker of the House of Representatives and two knowledgeable persons from the public to be appointed jointly by the Lieutenant Governor and the Speaker of the House of Representatives, which said committee shall elect a chairman and study the financial structure of life insurance companies licensed to do business in the State of Texas and make recommendations to the 63rd Session of the Legislature, or any Special Session it may deem appropriate of the 62nd Legislature, regarding legislation dealing with capital,

surplus and reserve requirements of life insurance companies, investments of life insurance companies, protection against insolvencies of life insurance companies, and such other legislation as will protect the interest of the policyholders of life insurance companies in this state.

The resolution was referred to the Committee on Resolutions and Interim Activities.

SCR 87—REFERRED TO COMMITTEE

(Reconstituting the Committee for the Study of Land Use and Environmental Control)

The Chair laid before the House the following resolution:

SCR 87

Whereas, In its report to the 62nd Legislature, the Committee for the Study of Land Use and Environmental Control, which was created by SCR 46 of the 61st Legislature, urged that the committee be reconstituted to investigate further the many and varied problems besetting the Texas environment and that authority be given to the newly created committee to apply for any federal grant funds that may be available for use in employing technical and professional personnel to work with the committee; and

Whereas, The Committee for the Study of Land Use and Environmental Control of the 61st Legislature was itself authorized as a continuation of similar committees created by the 60th Legislature (HCR 24), 59th Legislature (SCR 9) and the 58th Legislature (SCR 60), and all committees have worked diligently in the ever-broadening area of land use and environmental control, first including multiple uses of waters and water quality, and then expanding to embrace the problems of air and noise pollution, but much remains to be done to assure for Texas and Texans the desired land use and environmental control that will provide a continuing supply of pure and abundant water, clean and fresh air, and a noise-controlled environment; now, therefore, be it

Resolved by the Senate of the State of Texas, the House of Representatives concurring, That the Committee for the Study of Land Use and Environmental Control be reconstituted;

(1) The Lieutenant Governor, the Speaker of the House, and the Governor of Texas shall appoint members to the committee as follows: three Representatives to be appointed by the Speaker of the House, three Senators to be appointed by the Lieutenant Governor of the state, and five public members to be appointed by the Governor.

(2) In the conduct of such investigation, the committee may require, by use of summons addressed to the sheriff of a county and/or the Texas Department of Public Safety, the attendance and testimony of all witnesses relating directly or indirectly to any matter which the committee has authority to investigate under this resolution and for this purpose the chairman may administer oaths, and receive evidence, instruments, documents, analytical data, charts, and maps. Witnesses attending proceedings of the committee under process shall be allowed the same mileage and per diem as is allowed witnesses before any grand jury in this state.

(3) All agencies of the State of Texas, all river authorities and districts, port authorities, and other subdivisions of government as may be deemed necessary by the committee, are hereby authorized and directed to cooperate fully and completely with the committee in making its study in preparation of any reports. The committee is authorized, and directed, to consult with departments and agencies of the government of the United States or of any other state of the United States, and of any agency or agencies of other states considered necessary by the committee for the successful conclusion of the study; and it shall have the privilege of applying for any federal grant funds that may be available for use in employing technical and professional staff personnel to work with the committee.

(4) The committee shall use the staff of the Legislative Council except where the chairman of the Legislative Council approves the use of additional clerical, technical and professional personnel; and, be it further

Resolved, That from the Contingent Expense Funds of the House and Senate equally the members of the committee shall be reimbursed for their actual expenses incurred in carrying out the purposes of this resolution and other necessary expenses of operation of the committee shall be paid from the Contingent Expense Funds of the House and Senate equally; and, be it further

Resolved, That the committee shall prepare a budget for the operating expense of said committee which shall be submitted to the Contingent Expense Committee of the Senate and the House Administration Committee. Prior approval of the budget by the Contingent Expense Committee of the Senate and the House Administration Committee must be obtained before any nonbudgeted expenses may be paid; and, be it further

Resolved, That the testimony given at any hearing conducted pursuant to this resolution shall be reduced to writing and shall be given under oath subject to the penalties of perjury; and, be it further

Resolved, That the committee shall report in writing and file a signed copy of the same with the Governor of the State of Texas, the Lieutenant Governor of the State of Texas, and the Speaker of the House of Representatives of the State of Texas not later than thirty days after the convening of the next regular session, and that copies of such report shall be distributed to each Member of the Senate and of the House.

HSR 679—REFERRED TO COMMITTEE

(Renaming G-13 as the Sam Rayburn House Hearing Room)

Mr. Graves offered the following resolution:

Whereas, The Capitol Building is not the property of the Governor, Lieutenant Governor, or the Speaker of the Texas House of Representatives, but rather it belongs to all people of our great state; and

dedicated to any Speaker or any other public official during his term of service; now, therefore, be it

SB 998 ON THIRD READING (Mr. Lemmon—House Sponsor)

The Chair laid before the House on its third reading and final passage,

SB 998, Amending the Texas Banking Code relating to and defining brokered funds.

The bill was read third time.

Mr. Patterson offered the following amendment to the bill:

To amend SB 998 by striking all below the enacting clause and inserting in lieu thereof the following:

Section 1. Chapter VI of the Texas Banking Code of 1943 (Article 342-101 et seq., Vernon's Texas Civil Statutes), is hereby amended by adding thereto a new article, being numbered 7A, which shall read as follows:

"Article 7A. Brokered funds defined—not construed as deposits—Commissioner's authority—duty of issuing banks.

"Brokered funds accepted by a bank shall not be construed as deposits received by the bank as provided in Paragraph (a), Article 1, Chapter III of the Banking Code of 1943, as amended, but shall be construed as the issuance, sale and negotiation of 'notes, bonds, and other evidence of indebtedness' by the bank as provided in Paragraph (h), Article 1, Chapter III of such code.

"For purposes of this article, 'brokered funds' are funds accepted on behalf of a bank on which a fee, rate or other consideration is paid or is agreed to be paid, directly or indirectly, by a bank or any other party, in addition to the rate of interest prescribed in the contract of repayment.

"In the event that any bank shall accept brokered funds as defined herein, it shall forthwith notify the Commissioner in writing of the acceptance of such funds, the depositor and his address, any loans, if any, made in consideration of or conditioned upon said deposit, and listing the borrower, his address, and any collateral securing said loan, and such other information concerning said deposit and loan as the Commissioner may require and on such forms as may be prescribed by the Commissioner. The Commissioner may further require any bank to report such brokered funds and loans as above described, if any, which have been accepted or made previous to the effective date of this Act.

"When the Banking Commissioner is satisfied upon examination or other-

wise that a state bank is accepting brokered funds as herein set out, he shall have authority to require the bank to cease and desist from accepting such funds, or otherwise regulate the amount of funds so received and the rate of interest to be paid thereon by the bank.

"In case brokered funds are accepted, it shall be the duty of the issuing bank to state in the contract of repayment that in the event of liquidation of the issuing bank, the owner and holder of such contract of repayment shall be considered and treated as a common creditor and not as a depositor of the bank.

"A cash reserve of 10% of the total outstanding brokered funds shall be maintained against such funds, in the same manner as cash reserves are maintained against demand deposits and time deposits.

"The provisions of this article shall apply and take effect January 1, 1972, and such provisions shall not apply as to any time deposit in effect at the date of the enactment of this article."

Sec. 2. If any provision, section, sentence, clause or part of this Act or the application thereof to any person or circumstance is held invalid, such holding shall not affect other provisions or applications of this Act which can be given effect without the invalid provision or application and to this end the provisions of this Act are declared to be severable.

Sec. 3. All laws or parts of laws which are in conflict with this Act are hereby repealed or modified to the extent of such conflict only.

Sec. 4. The need for modernization and clarification of the Texas Banking Code of 1943, so that banks may better serve their communities, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and said Rule is hereby suspended; and that this Act shall take effect and be in force from and after its passage, and it is so enacted.

The amendment failed of adoption by the following vote:

The Speaker announced that the Conference Committee Report on SB 11 was adopted subject to the provisions of Section 49A, Article III of the Constitution.

Mr. Heatly moved to reconsider the vote by which the Conference Committee Report on SB 11 was adopted and to table the motion to reconsider.

The motion to table prevailed.

REASON FOR VOTE ON SB 11

I voted against the Conference Committee Report on the General Appropriations Bill presented to the House for consideration today. I did so because the bill, as presented to the House contained over 22 million dollars in expenditures that were never debated by either the House or the Senate. The bill was written by 10 Members of the House and Senate in sessions that were not open to other Members and the general public, a procedure with which I disagree completely in that it makes it impossible for the public or the Members of the Legislature to make honest and conscientious judgments about what is contained in the bill.

I understand that the bill has many good features. One of the main ones is the pay increase for state employees. I want it understood that my vote against this bill is not a vote against state employees or any other worthy recipient of state funds. My vote against this bill was a vote against the unresponsive and undemocratic way in which it was written and presented to this House.

Signed: R. C. Nichols

REASON FOR VOTE

I very reluctantly voted against adoption of the Conference Committee Report on SB 11, although I favor the many improved benefits afforded by its passage. There were many questions, however, which remained unanswered relating to the in excess of \$22 million added to the bill in conference committee. I voted against this bill because I felt the people of my district and of this state were entitled to answers to these questions.

Signed: Dick Reed

REASON FOR VOTE

I record my vote against adoption of the Conference Committee Report on SB 11 because of more than \$22 million added to the Appropriations Bill that neither House of the Texas Legislature debated. This money was added by 10 conferees. I cannot, regardless of need for these funds, ignore the fact that I am responsible to the people of Dallas County and the State of Texas for each decision I make as their elected Representative. I would not be responsible nor meet my duty were I to accept the bill under these circumstances.

Signed: Sam Coats

REASON FOR VOTE

I have voted against concurring on SB 11 because it contains over 20 million dollars which were not considered by either this House or the Senate and I am opposed in principle against any change by the Conference Committee except differences in the Senate and House bills.

Signed: Lauro Cruz

MESSAGE FROM THE SENATE

Austin, Texas, May 31, 1971

Honorable Gus Mutscher, Speaker of the House of Representatives

Sir: I am directed by the Senate to inform the House that the Senate has passed the following:

(with amendments)

Respectfully,
CHARLES A. SCHNABEL

HSR 687—REFERRED TO COMMITTEE

(Creating an interim committee to study state constitutions, constitutional revisions and new constitutions)

Mr. Moncrief offered the following resolution:

HSR 687

Whereas, The State of Texas is operating under a state constitution which was adopted in 1876, at a time when the social, economic, and governmental conditions of Texas were materially different from current conditions; and

Whereas, The State Constitution is not as flexible as the Constitution of the United States and is not always well suited to the rapidly changing conditions of the State of Texas in the last half of the Twentieth Century; and

Whereas, Various proposals have recently been presented for revising or completely redrafting the State Constitution without a full study being made as to the best means of accomplishing such a revision in Texas; and

Whereas, It is the duty and responsibility of the Texas Legislature to determine the need and desirability of revising the State Constitution for the benefit of the citizens of Texas, and to determine the most effective and proficient means of conducting any needed revision; now, therefore, be it

Resolved, That the House of Representatives of the 62nd Legislature, Regular Session, hereby create an interim committee to conduct a preliminary study on state constitutions, constitutional revisions, and new constitutions; the committee shall study what other states have done with regard to constitutional revision and new constitutions, with particular attention directed toward plans in other states whereby the legislature serves as a constitutional convention; and, be it further

Resolved, That the Speaker of the House shall appoint five Members of the House of Representatives, including one designated as chairman, to serve on the interim study committee; and, be it further

Resolved, That the staff of the Texas Legislative Council be requested to serve as staff for the study committee; and, be it further

Prior approval of nonbudgeted expenditures must also be obtained from the House Administration Committee; and, be it further

Resolved, That the committee shall make its complete report, including findings and recommendations and drafts of any legislation deemed necessary, to the 63rd Legislature when it convenes in January, 1973. Five copies of the completed report shall be filed in the Legislative Reference Library and five copies shall be filed in the office of the Texas Legislative Council; following official distribution of the committee report, all remaining copies shall be deposited with the Legislative Reference Librarian.

(Creating an interim committee to study educational television systems)

Mr. Delwin Jones offered the following resolution:

HSR 686

Whereas, Educational television systems based at state-supported institutions of higher learning perform an invaluable public service; and

Whereas, Since such systems are supported at public expense, it should be determined whether they are responsive to the needs of the community and the institutions they serve; now, therefore, be it

Resolved, That the House of Representatives of the 62nd Legislature of the State of Texas create a special interim committee to study educational television systems based at state-supported institutions of higher learning in Texas; and, be it further

Resolved, That the Speaker of the House appoint the following seven members of the committee: three Members of the House of Representatives and four private citizens who have demonstrated an interest in or a particular knowledge of the broadcast media; and, be it further

Resolved, That the committee shall have the authority to call upon any state agency or department or any state-supported institution of higher learning as the committee may deem necessary in order to carry out the purposes of this resolution; and, be it further

Resolved, That the staff of the Texas Legislative Council be requested to assist the committee in this study; and, be it further

Prior approval of non-budgeted expenditures shall be obtained from the House Administration Committee; and, be it further

Resolved, That the committee shall make a complete report of its proceedings, findings, recommendations for administrative changes, and drafts of any proposed legislation, to the 63rd Legislature at its Regular Session in January 1973, and that five copies of the completed report shall be filed in the Legislative Reference Library and five copies filed in the office of the Texas Legislative Council. Mr. Hull called up with Senate Amendments for consideration at this time,

On motion of Mr. Hull, and by unanimous consent, the House concurred in the Senate Amendments to HB 1181.

HB 1181—TEXT OF SENATE AMENDMENTS

Amend HB 1181 by striking all below the enacting clause and substituting therefor the following:

Article I.

Section 1. Short Title. This Article shall be cited as the "Texas Abandoned Motor Vehicle Act."

Sec. 2. Definitions. As used in this Article:

(1) "Police department" means the Texas Department of Public Safety, the police department of any city, town, or municipality, or the sheriff's department in any county.

(2) "Abandoned motor vehicle" means a motor vehicle that is inoperable and over eight years old and is left unattended on public property for more than 48 hours, or a motor vehicle that has remained illegally on public property for a period of more than 48 hours, or a motor vehicle that has remained on private property without the consent of the owner or person in control of the property for more than 48 hours.

(3) "Demolisher" means any person whose business is to convert a motor vehicle into processed scrap or scrap metal, or otherwise to wreck or dismantle motor vehicles.

(4) "Garagekeeper" shall mean any owner or operator of a parking place or establishment, motor vehicle storage facility, or any establishment for the servicing, repair, or maintenance of motor vehicles.

(5) "Junked vehicle" means any motor vehicle as defined in Section 1 of Article 827a, Vernon's Texas Penal Code, as amended, which is inoperative and which does not have lawfully affixed thereto both an unexpired license plate or plates and a valid motor vehicle safety inspection certificate and which is wrecked; dismantled; partially dismantled; or discarded.

(6) "Storage Facility" means a garage, parking lot, or any type of facility or establishment for the servicing, repairing, storing, or parking of motor vehicles.

(7) "Motor Vehicle" means any motor vehicle subject to registration pursuant to the Texas Certificate of Title Act.

Sec. 3. Authority to Take Possession of Abandoned Motor Vehicles. A police department may take into custody any abandoned motor vehicle found on public or private property. In such connection, a police department may employ its own personnel, equipment, and facilities or hire persons, equipment, and facilities for the purpose of removing, preserving, and storing abandoned motor vehicles.

Sec. 4. Notification of Owner and Lien Holders. (a) A police department which takes into custody an abandoned motor vehicle shall notify within

10 days thereof, by registered or certified mail, return receipt requested, the last known registered owner of the motor vehicle and all lien holders of record pursuant to the Certificate of Title Act, as amended (Article 1436-1, Vernon's Texas Penal Code) that the vehicle has been taken into custody. The notice shall describe the year, make, model, and serial number of the abandoned motor vehicle; set forth the location of the facility where the motor vehicle is being held, inform the owner and any lien holders of their right to reclaim the motor vehicle within 20 days after the date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody, and state that the failure of the owner or lien holders to exercise their right to reclaim the vehicle within the time provided shall be deemed a waiver by the owner and all lien holders of all right, title, and interest in the vehicle and their consent to the sale of the abandoned motor vehicle at a public auction.

(b) If the identity of the last registered owner cannot be determined, or if the registration contains no address for the owner; or if it is impossible to determine with reasonable certainty the identity and addresses of all lien holders, notice by one publication in one newspaper of general circulation in the area where the motor vehicle was abandoned shall be sufficient to meet all requirements of notice pursuant to this Article. Such notice by publication can contain multiple listings of abandoned vehicles. Any such notice shall be within the time requirements prescribed for notice by registered or certified mail and shall have the same contents required for a notice by registered or certified mail.

(c) The consequences and affect of failure to reclaim an abandoned motor vehicle shall be as set forth in a valid notice given pursuant to this section.

Sec. 5. Auction of Abandoned Motor Vehicles. If an abandoned motor vehicle has not been reclaimed as provided for in Section 4 of this Article, the police department shall sell the abandoned motor vehicle at a public auction. The purchaser of the motor vehicle shall take title to the motor vehicle free and clear of all liens and claims of ownership, shall receive a sales receipt from the police department and shall be entitled to register the purchased vehicle and receive a certificate of title. From the proceeds of the sale of an abandoned motor vehicle the police department shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing the vehicle which resulted from placing the abandoned motor vehicle in custody, and all notice and publication costs incurred pursuant to Section 4 of this Article. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lien holder for 90 days, and then shall be deposited in a special fund which shall remain available for the payment of auction, towing, preserving, storage, and all notice and publication costs which result from placing other abandoned vehicles in custody, whenever the proceeds from a sale of such other abandoned motor vehicles are insufficient to meet these expenses and costs.

Sec. 6. Garagekeepers and Abandoned Motor Vehicles. Any motor vehicle left for more than 10 days in a storage facility operated for commercial purposes after notice by registered or certified mail, return receipt requested, to the owner to pick up the vehicle, or for more than 10 days after the period when, pursuant to contract, the vehicle was to remain on the premises of such storage facility, and any motor vehicle left for more than 10

days in such storage facility by someone other than the registered owner or left by a person authorized to have possession of the motor vehicle under a contract of use, service, storage, or repair, shall be deemed an abandoned vehicle, and shall be reported by the garagekeeper to the police department. Any garagekeeper who fails to report the possession of such a vehicle within 10 days after it becomes abandoned within the meaning of this section shall no longer have any claim for servicing, storage, or repair of the vehicle. All abandoned vehicles left in storage facilities shall be taken into custody by the police department and sold in accordance with the procedures set forth in Sections 4 and 5 of this Article unless the motor vehicle is reclaimed and the garagekeeper is paid. The proceeds of the sale shall be first applied to the garagekeeper's charges for servicing, storage, or repair, and any surplus proceeds shall be distributed in accordance with Section 5 of this Article. Except for the termination of claim for service, storage, or repair for failure to report an abandoned motor vehicle, nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a lien holder to foreclose.

Sec. 7. Disposal to Demolishers. (a) Any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may apply to the police department of the jurisdiction in which the vehicle is situated for authority to sell, give away, or dispose of the vehicle to a demolisher.

(b) The application shall set out the name and address of the applicant, the year, make, model, and serial number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged therein are true and that no material fact has been withheld.

(c) If the police department finds that the application is executed in proper form, and shows that the motor vehicle has been abandoned upon the property of the applicant or if it shows that the motor vehicle is not abandoned but that the applicant appears to be the rightful owner, the police department shall follow the notification procedures set forth in Section 4 of this Article.

(d) If any such abandoned motor vehicle is not reclaimed in accordance with Section 4, the police department shall notify the Texas Highway Department which shall issue the applicant a certificate of authority to sell the motor vehicle to any demolisher for demolition, wrecking or dismantling. The demolisher shall accept such certificate in lieu of the certificate of title to the motor vehicle.

(e) Any persons, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may dispose of such motor vehicle to a demolisher without that title and without notification procedures of Section 4 of this Act if the motor vehicle is over 8 years old and has no engine or is otherwise totally inoperable.

Sec. 8. Duties of Demolishers. (a) Any demolisher who purchases or

otherwise acquires a motor vehicle for purposes of wrecking, dismantling, or demolition shall not be required to obtain a certificate of title for such motor vehicle in his own name. After the motor vehicle has been demolished, processed, or changed so that it physically is no longer a motor vehicle, the demolisher shall surrender for cancellation the certificate of title or authority. The Texas Highway Department shall issue such forms, rules, and regulations governing the surrender of auction sales receipts and certificates of title as are appropriate. The Certificate of Title Act, as amended (Articles 1436-1 and 1436-2, Vernon's Texas Penal Code) shall govern the cancellation of title of the motor vehicle.

(b) The demolisher shall keep an accurate and complete record of all motor vehicles purchased or received by him in the course of his business. These records shall contain the name and address of the person from whom each such motor vehicle was purchased or received and the date when such purchases or receipts occurred. Such records shall be open for inspection by the Texas Highway Department or any police department at any time during normal business hours. Any record required by this section shall be kept by the demolisher for at least one year after the transaction to which it applies.

Sec. 9. Junked Vehicles Declared a Public Nuisance. Junked vehicles which are located in any place where they are visible from a public place or public right-of-way are detrimental to the safety and welfare of the general public, tending to reduce the value of private property, to invite vandalism, to create fire hazards, to constitute an attractive nuisance creating a hazard to the health and safety of minors, and are detrimental to the economic welfare of the state, by producing urban blight which is adverse to the maintenance and continuing development of the municipalities in the State of Texas, and such vehicles are therefore, declared to be a public nuisance.

Sec. 10. City Ordinance for Abating Nuisance. Any city or town within this state may adopt an ordinance establishing procedures for the abatement and removal of junked vehicles or parts thereof; as public nuisances, from private property or public property; provided, however, that any such ordinance shall contain:

(a) A provision requiring not less than a ten (10) day notice, stating the nature of the public nuisance and that it must be removed and abated within ten (10) days and further that a request for a hearing must be made before expiration of said ten (10) day period, such notice to be mailed, by certified or registered mail with a 5-day return requested, to the owner or the occupant of the premises whereupon such public nuisance exists. If the notice is returned undelivered by the United States Post Office, official action to abate said nuisance shall be continued to a date not less than 10 days from the date of such return.

(b) A provision requiring a public hearing prior to the removal of the vehicle or part thereof as a public nuisance, to be held before the governing body of the city or any other board, commission, or official of the city, as designated by the governing body, when such a hearing is requested by the owner or occupant of the premises on which said vehicle is located, within ten (10) days after service of notice to abate the nuisance. Any resolution or order requiring the removal of a vehicle or part thereof shall include a description of the vehicle, and the correct identification number and license number of the vehicle, if available at the site.

(c) A provision that after a vehicle has been removed it shall not be reconstructed or made operable.

(d) A provision requiring notice to be given to the Texas Highway Department within five days after the date of removal identifying the vehicle or part thereof. Said Department shall forthwith cancel the certificate of title to such vehicle pursuant to Article 1436-1, Vernon's Texas Penal Code, as amended.

(e) A provision that the ordinance shall not apply to (1) a vehicle or part thereof which is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or (2) a vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or a junkyard.

(f) A provision for administration of the ordinance by regularly salaried, full-time employees of the city, except that the removal of vehicles or parts thereof from property may be by any other duly authorized person.

Sec. 11. Disposal of Junked Vehicles. Junked vehicles or parts thereof may be disposed of by removal to a scrapyard, demolishers, or any suitable site operated by the city for processing as scrap or salvage, which process shall be consistent with Section 10, subdivision (c) of this Article. A city may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or the city may transfer such vehicle or parts to another, provided such disposal shall be only as scrap or salvage, consistent with Section 10, subdivision (c) of this Article.

Sec. 12. Authority to Enforce. Any person authorized by the city to administer the provisions of an ordinance of the type authorized by this Article may enter upon private property for the purposes specified in the ordinance to examine vehicles or parts thereof, obtain information as to the identity of vehicles and to remove or cause the removal of a vehicle or parts thereof declared to be a nuisance pursuant to the ordinance. The municipal court of any city enacting an ordinance as provided herein, shall have authority to issue all orders necessary to enforce such ordinance.

Sec. 13. Nothing in this Article shall affect statutes that permit immediate removal of a vehicle left on public property which constitutes an obstruction to traffic.

Article II

Section 1. Possessory Lien. Amend Article 5503, Revised Civil Statutes of Texas, 1925, as amended, by adding new paragraphs "(b)" and "(c)" and designating the present provisions of said Article as paragraph "(a)"; said paragraphs "(b)" and "(c)" to read as follows:

"(b) In the event that a mechanic or other workman shall relinquish possession of a motor vehicle due to the acceptance or receipt of any check, draft, or written order for the payment of the indebtedness due thereon, and in the event that payment is stopped on such check, draft, or written order, the possessory lien established by the preceding paragraph (a)

shall not be deemed to be released or relinquished, and the person to whom said lien has accrued shall be entitled to possession of said motor vehicle until the indebtedness due thereon shall have been paid. This paragraph (b) shall not be applicable to a bona fide purchaser of such motor vehicle subsequent to any stop payment order.

“(c) In the event of a lawsuit, relating to possession of a motor vehicle and the indebtedness due thereon, a court, in its discretion, may award reasonable attorney’s fees to the prevailing party.”

A bill to be entitled An Act relating to the inspection of tires annually on certain motor vehicles; prohibiting the sale of certain regrooved tires and prescribing certain penalties; providing an effective date; amending Subsections (a), (b), and (h) of Section 140, Subsections (a), (b), (c), (d), and (e) of Section 141, Subsections (a) and (b) of Section 142, and adding Subsection (e) to Section 135, of Chapter 421, Acts of the 50th Legislature, 1947, as amended (Article 6701d, Vernon's Texas Civil Statutes); and declaring an emergency.

Be it Enacted by the Legislature of the State of Texas:

Section 1. This Act takes effect on January 1, 1973.

Section 2. Subsections (a), (b), and (h), Section 140, Chapter 421, Acts of the 50th Legislature, 1947, as amended (Article 6701d, Vernon's Texas Civil Statutes), are amended to read as follows:

"(a) It shall be the duty of the Texas Department of Public Safety to require every owner of a motor vehicle, trailer, semitrailer, pole trailer, or mobile home, registered in this state and operated on the highways of this state, to have the tires, brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust system, and exhaust emission system inspected at state-appointed inspection stations or by state inspectors as hereinafter provided. Provisions relating to the inspection of trailers, semitrailers, pole trailers, or mobile homes shall not apply when the gross weight of such vehicles and the load carried thereon is four thousand (4,000) pounds or less. Only the tires, brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust system, and exhaust emission system may be inspected, and the owner shall not be required to have any other equipment or part of his motor vehicle inspected as a prerequisite for the issuance of an inspection certificate.

"(b) If such inspection discloses the necessity for adjustments, corrections, or repairs, only the tires, brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering) wheels and rims, exhaust system, and exhaust emission system shall be adjusted, corrected, or repaired before a certificate is issued as hereinafter provided. The owner may have such adjustments, corrections, or repairs made by such qualified person or persons as he may choose, subject to reinspection as hereinafter provided."

"(h) The provisions of this Act shall not apply to the vehicles referred to in Subsection (a) of this Section when moving under or bearing current 'factory delivery license plates' or current 'in-transit license plates.' Nor shall the provisions of this Act apply to farm machinery, road-building equipment, and all other vehicles required to have a slow-moving-vehicle emblem under Section 139(b) of this Act."

Sec. 3. Subsections (a), (b), (c), (d), and (e), Section 141, Chapter 421, Acts of the 50th Legislature, 1947, as amended (Article 6701d, Vernon's Texas Civil Statutes), are amended to read as follows:

"(a) The Department may establish state-appointed inspection stations to carry out the provisions of this Section. Such stations may be located anywhere in the state, and should any be established or appointed, there shall be at least one (1) for each county. The Department is authorized to furnish instructions to, and to supervise official inspection stations and mechanics for inspection of motor vehicles, trailers, semitrailers, pole trailers, and mobile homes for the proper and safe performance of tires, brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part

of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust systems, and exhaust emission systems. The certification of persons to inspect vehicles shall be in accordance with the rules and regulations promulgated by the Department. Every person desiring to operate as an official inspection station shall file an application for a certificate of appointment with the Department.

"The application shall be made upon a form prescribed and furnished by the Department, and shall set forth the name under which the applicant transacts or intends to transact business, the location of his place of business within the state, and such other information as the Department may require. If the applicant has or intends to have more than one place of business within the state, a separate application shall be made for each place of business.

"If the applicant is an association, the application shall set forth the names and the addresses of the persons constituting the association, and if a corporation, the names and addresses of the principal officers thereof, and any other information prescribed by the Department for purposes of identification. The application shall be signed and verified by oath or affirmation by the owner, if a natural person; in the case of a corporation, by an executive officer thereof or some person specifically authorized by the corporation to sign the application, to which shall be attached written evidence of his authority.

"Only such locations which fulfill the Department's requirements and whose owners or proprietors comply with Department regulations shall qualify and be appointed and issued a certificate. Upon approval of an application, the Department shall issue to the owner a certificate of appointment as an official inspection station for the place of business within the state set forth in the application.

"Certificates of appointment shall not be assignable, and shall be valid for the owners in whose names issued and for the transaction of business at the place designated therein, and shall at all times be conspicuously displayed at the place for which issued.

"Upon being advised that an application will be approved, the applicant shall provide the bond hereinafter required and a fee of Ten Dollars (\$10) which shall constitute the certificate fee until August 31st of the odd-numbered year following the date of appointment. Thereafter, appointments shall be made for two-year periods and the certificate fee for each such period shall be Ten Dollars (\$10). All certificate fees shall be placed in a fund in the State Treasury to be known as the Motor Vehicle Inspection Fund and shall be used by the Department in the administration of this Act.

"(b) Every owner of an official inspection station shall be required to furnish a bond payable to the State of Texas in the amount of One Thousand Dollars (\$1,000), to be approved by the director of the Department, with two or more good and solvent sureties, or one corporate surety qualified by law to make such bond, to indemnify the state against the violation of any of the terms and conditions of this Act. Except where the surety is a corporate surety as herein provided, the bond shall first be submitted to the county judge of the county in which the inspection station is located, who shall make his recommendation to the director whether the bond be approved or disapproved. Any inspector or any official or employee of any inspection station who shall issue an official cer-

tificate of inspection without having made an inspection of the vehicle for which it is issued or who shall knowingly or willfully issue an official inspection certificate for a motor vehicle or vehicles, the tires, brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust system, and exhaust emission system of which are not at the time of such issuance in a good condition and in conformity with the laws of this state shall forfeit said bond to the State of Texas.

"(c) Any owner of an official inspection station who by himself, agent, servant, or employee, violates any provision of this Section or requires the repair of any mechanism or equipment other than that set forth in the uniform standards of safety and items to be inspected as established shall upon conviction, be punished by a fine not exceeding Two Hundred Dollars (\$200). The Department may for cause, upon notice of an administrative hearing, cancel or suspend the certificate of any inspection station or cancel or suspend the certificate of any person to inspect vehicles and the decision of the Department in respect to the cancellation or suspension of the station license or the cancellation or suspension of the certificate of any person to inspect vehicles, or the refusal to reissue a license to any official inspection station or the refusal to reissue the certificate for any person to inspect vehicles shall be subject to review as provided herein. Any aggrieved party may appeal from the decision of said administrative hearing. The proceedings on appeal shall be a trial de novo, as such term is commonly used and intended in an appeal from the justice court to the county court, and which appeal shall be taken in any district court of the county in which the inspection station is located. At such trial the burden of proof shall always be on the Department and never shifts to the aggrieved party.

"(d) The fee for compulsory inspection to be made under this Section shall be Two Dollars (\$2.00). Fifty cents (50¢) of each fee shall be paid to the Department and shall be placed in the Motor Vehicle Inspection Fund for the purpose of paying the expense of the administration of this law. The Department may require each official inspection station to make an advance payment of fifty cents (50¢) for each inspection certificate furnished to it, and the money so received shall be placed in the Motor Vehicle Inspection Fund, and no further payment to the Department shall be required upon issuance of the certificate. If such advance payment has been made, the Department shall refund to the inspection station the amount of fifty cents (50¢) for each unissued certificate which the inspection station returns to the Department in accordance with rules and regulations promulgated by the Department.

"If an inspection disclosed the necessity for adjustments, corrections, or repairs to tires, brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust system, and exhaust emission system, such motor vehicle shall be re-inspected free of charge after the adjustments, corrections, or repairs have been made. Any such motor vehicle under the terms of this Act, if involved in an accident subsequent to the required inspection, shall return to an inspection station after adequate repairs are made for a second and re-inspection procedure.

"(e) No certificate of inspection shall be issued by any inspector or inspection station until the tires, brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust system, and exhaust emission system have been inspected and found to be in proper and safe condition and to comply with the laws of this state. A tire may not be found in proper and safe condition unless it is free of fabric breaks and has at least one-sixteenth of an inch of tread at two distinct points. No person shall make, issue, or knowingly use an imitation or counterfeit of an official inspection certificate.

"No person shall display or cause or permit to be displayed any inspection certificate knowing the same to be fictitious or issued for another vehicle or issued without the required inspection having been made.

"No person shall perform an inspection or issue an inspection certificate without such person first having been certified to do so by the Department.

"No person shall drive or move on any highway any motor vehicle, trailer, semitrailer, pole trailer, mobile home, or combination thereof unless the equipment upon any and every said vehicle is in good working order and adjustment as required in this Act and said vehicle is in such safe mechanical condition as not to endanger the driver or other occupant or any person upon the highway."

Sec. 4. Subsection (a) and (b), Section 142, Chapter 421, Acts of the 50th Legislature, 1947, as amended (Article 6701d, Vernon's Texas Civil Statutes), is amended to read as follows:

(a) The Department may establish uniform standards of safety as prescribed in Article XIV of this Act wherever applicable with respect to tires, brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust systems, and exhaust emission systems. A tire may not be found in proper and safe condition unless it is free of fabric breaks or if it has, in at least two distinct points, one-sixteenth of an inch of tread or less. Such standards of safety shall be posted in every official inspection station. Every motor vehicle inspected shall be required to conform in all respects to the standards of safety established pursuant to this Section.

"(b) The Department shall furnish serially numbered certificates of inspection to inspection stations. Each certificate, when issued, shall bear such information as required by the Department for the type of vehicle that was inspected. The certificate shall be invalid after the end of the twelfth month in which the vehicle was last inspected, approved, and the certificate of inspection issued. A certificate of inspection and approval for any vehicle shall be attached to or produced for such vehicle as the Department may require. A record and report as prescribed by the Department shall be made of every inspection and every certificate so issued. No unused certificates of inspection representing a prior inspection period shall be issued after the beginning of the next ensuing period."

Sec. 5. Section 135, Chapter 421, Acts of the 50th Legislature, 1947,

as amended (Article 6701d, Vernon's Texas Civil Statutes), is amended by adding Subsection (e) to read as follows:

(e) (1) After January 1, 1973, no person may sell or offer for sale regrooved tires. The provisions of this section shall apply only to private passenger automobile tires.

"(2) Any person violating Subdivision (1) of this Subsection is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$500 nor more than \$2,000."

Sec. 6. The importance of this legislation and the crowded condition of the calendars in both Houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby suspended.

Mr. Joe Allen moved to adopt the Conference Committee Report on HB 6.

HCR 195—ADOPTED

(Authorizing correction in SB 534)

Mr. Braecklein offered the following resolution:

HCR 195

Whereas, SB 534 has been passed by both Houses and is now in the Senate Enrolling Room, and certain corrections need to be made in the bill; now, therefore, be it

Resolved by the House of Representatives of the State of Texas, the Senate concurring, That the Enrolling Clerk of the Senate be directed to correct the bill so that all below the enacting clause reads as follows:

Section 1. Declaration Policy. The availability of scientific knowledge, skills and materials for the transplantation, injection, transfusion or transfer of human tissue, organs, blood and components thereof is important to the health and welfare of the people of this state. The imposition of legal liability without fault, or the determination that the furnishing of human tissue, organs, blood and components thereof is a product as opposed to a service, upon persons and organizations engaged in such scientific procedures inhibits the exercise of sound medical judgment and imposes too rigid a standard of product liability. It is therefore the public policy of this state to promote the health and welfare of the people by limiting the legal liability arising out of such scientific procedures to instances of negligence.

Section 2. Limitation of Liability: No physician, surgeon, hospital, blood bank, tissue bank, or other person or entity who donates, obtains, prepares, transplants, injects, transfuses or otherwise transfers, or who assists or participates in obtaining, preparing, transplanting, injecting, transfusing or transferring any tissue, organ, blood or component thereof from one or more human beings, living or dead, to another human being, shall not be considered for any purposes as having furnished a product thereby, but performing any of the foregoing shall be considered as having provided a service and the concept of product liability shall never be applied thereto.

Section 3. Declaring an Emergency. The importance of this legislation and the crowded condition of the calendars of both Houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three (3) several days in each House be suspended and this Rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

The resolution was adopted.

HJR 58 WITH SENATE AMENDMENTS

Mr. Traeger called up with Senate Amendments for consideration at this time,

HJR 58, A Joint Resolution proposing an amendment to Article III, Section 24, and Article IV, Section 17, Constitution of the State of Texas, to provide for an annual salary of \$20,000 for the Lieutenant Governor and the Speaker of the House of Representatives and \$9,600 for Members of the Senate and House of Representatives, and to extend to 140 days of the regular session the per diem allowance of Members of the Legislature.

amending Section 50a (Article 5.18a); adding Sections 50b, 50c, and 50d; amending Subsection 1 of Section 51a (Article 5.19a); amending Sections 51b, 52a, and 53a (Articles 5.19b, 5.20a, and 5.21a); adding Section 54c; amending Sections 90 and 93 (Articles 8.08 and 8.11); amending Section 37 (Article 5.05) by adding Subdivision 2c; amending Subsections (4), (5), and (6) of Section 179a (Article 13.01a); suspending Sections 44a and 44b (Articles 5.12a and 5.12b); and repealing Section 55 (Article 5.23); making the enactment permanent upon the happening of either of certain stated contingencies, but providing for expiration of the enactment and reinstatement of the present law, with modifications, if neither contingency occurs; conditionally amending Sections 43a and 51b, Texas Election Code (Article 5.11a and 5.19b, Vernon's Texas Election Code), and repealing Sections 44a and 44b, Texas Election Code (Articles 5.12a and 5.12b, Vernon's Texas Election Code); amending Section 40, Texas Election Code (Article 5.08, Vernon's Texas Election Code), by adding Subsection (m); and declaring an emergency.

Be it Enacted by the Legislature of the State of Texas:

Section 1. Section 14, Texas Election Code (Article 2.06, Vernon's Texas Election Code), is amended to read as follows:

"14. Where to vote

"Except as permitted in Sections 48a and 50a of this code, all voters shall vote in the election precinct in which they reside."

Sec. 2. Section 42a, Texas Election Code (Article 5.10a, Vernon's Texas Election Code), is amended to read as follows:

"42a. Persons entitled to register

"A person is entitled to register as a voter in the precinct in which he has his legal residence (i.e., domicile), as defined in Section 40 of this code, if:

"(1) on the date of applying for registration he is a citizen of the United States and is subject to none of the disqualifications, other than nonage, stated in Section 33 of this code; and

"(2) within 30 days after applying for registration he will be 18 years of age or older and will have resided in the state for one year.

"However, no person may vote at any election unless he fulfills all the qualifications of an elector for that election."

Sec. 3. Section 43a, Texas Election Code (Article 5.11a, Vernon's Texas Election Code), is amended to read as follows:

"43a. Period for registration; period for which registration is effective

"Subdivision 1. A 'voting year' is a period of one year beginning on March 1 of each calendar year. Normally, a registration is effective for three successive voting years, as more fully stated in Subdivisions 2 and 3 of this section, subject to extension or renewal as provided in Section 50b of this code.

"Subdivision 2. The first voting year under this law begins on March 1, 1972. An initial registration period under this law begins on October 1, 1971, and continues through January 31, 1972. Notwithstanding the provisions of Section 42a of this code, a person may register at any time during this period if he has already attained the qualifications required by Section 42a or will attain them before April 1, 1972. A registration during this period becomes effective on March 1, 1972, and continues in effect for the 1972, 1973, and 1974 voting years, subject to extension or renewal as provided in Section 50b of this code. On applications mailed to the registrar on or before January 31 but not received by the registrar until after that date, the registrar shall treat each application as having been made in accordance with Subdivision 3 of this section, with registration to become effective on the 31st day following its receipt.

"Subdivision 3. Beginning on February 1 after the close of the registration period provided for in Subdivision 2 of this section, registration shall be conducted at all times that the registrar's office is open for business. A registration on or after that date becomes effective on the 31st day following and is effective for the voting year in which that date falls and the succeeding two voting years, except that a registration on or after the first day of October and more than 30 days before the end of the voting year is effective for the remainder of that voting year and for the succeeding three voting years. Each registration is subject to extension or renewal as provided in Section 50b of this code. A person is deemed to have registered on the date that his application is received by the registrar.

"Subdivision 4. This subdivision states an exception to the rules stated in Subdivision 3 of this section in regard to the effective date of a registration. Any person who, at the time of applying for registration, comes within a category of persons eligible to vote by absentee ballot without regular registration through use of the federal postcard application for absentee ballot, as provided in Subdivision 2a of Section 37 of this code, or who came within such a category at any time within six months before the date of his application, may register at any time, and the registration becomes effective for voting on the fifth day following issuance of the registration certificate if the registrant is otherwise qualified to vote on that date."

Sec. 4. Section 45a, Texas Election Code, as amended (Article 5.18a, Vernon's Texas Election Code), is amended to read as follows:

"45a. Mode of applying for registration

"Subdivision 1. A person may apply for registration in person or by mail. Each applicant shall submit to the registrar of the county in which he resides a written application which supplies all of the information required by Section 45b of this code. The Secretary of State shall prescribe the application form. He may prescribe one or more forms for use in counties using electronic data processing methods for issuing voter registration certificates and a different form for use in counties not using those methods, but the registrar in each county shall accept any application made upon any form prescribed by the Secretary of State which supplies all the necessary information for registration. In addition to other requirements, the application form shall contain the following statement: 'I understand that the giving of false information to procure the registration of a voter is a felony.' It shall also contain a space for recording the number of the voter's registration certificate.

"Subdivision 2. The application shall be signed by the applicant or his agent. However, if the person making the application is unable to sign his name either because of physical disability or illiteracy, he shall affix his mark, if able to do so, which shall be attested by a witness, whose signature and address shall be shown on the application. If a person making the application is physically unable to make a mark, the witness shall so state on the application.

"Subdivision 3. When a properly executed application is received by the registrar, he shall make out a registration certificate and shall either deliver the original certificate to the voter or his agent in person or shall mail it to the voter at his permanent address; or if the voter is temporarily living outside the county and requests that the certificate be mailed to the temporary address, the registrar shall mail it to the temporary address. When application is made in person, the registrar may make out and deliver the certificate immediately or he may defer preparation of the certificate until a later time, to be mailed to the voter or held for delivery in person if the applicant so directs. If the certificate is mailed to the voter, the registrar shall mail it in time for the voter to receive it before the date on which it becomes effective for voting.

"Subdivision 4. The husband, wife, father, mother, son, or daughter of a person entitled to register may act as agent for such person in applying for registration, without the necessity of written authorization therefor, may sign for the applicant, and may receive the registration certificate. However, none of these persons may act as agent unless he is a qualified elector of the county. No person other than those mentioned in this subdivision may act as agent for a person in applying for registration. Except as permitted in this subdivision, a person who wilfully acts as agent for another in applying for registration or in obtaining a registration certificate is guilty of a misdemeanor.

"Subdivision 5. A registrar of voters who knowingly issues a registration certificate to a person other than the applicant or his lawful agent, or who knowingly mails or delivers a registration certificate to a person other than the applicant or his lawful agent, is guilty of a misdemeanor."

Sec. 5. Section 45b, Texas Election Code, as amended (Article 5.13b, Vernon's Texas Election Code), is amended to read as follows:

"45b. Information required on application

"An application for a voter registration certificate shall show the following information:

"1. The applicant's name, sex, and post-office address (or if living in an incorporated city or town, his street address).

"2. A statement of the applicant's age. If the applicant has not attained 21 years of age, the application shall show his date of birth by month, day and year. If the applicant has already attained the age of 21 years, it is sufficient for the applicant to state that he is over that age. In lieu of showing the applicant's age in terms of a number of years, age may be shown by stating the date of birth; and in case that form of statement is called for on the application, it is sufficient for an applicant who has attained 21 years of age to state the year of his birth without

giving the month and day, or to state that he was born prior to a certain year which shows him to be over that age.

"3. If the applicant is under 21 years of age, whether the applicant is or has been married or has had the disabilities of minority removed by court action; and if not, the name and address of the applicant's parents or other person standing in loco parentis.

"4. The applicant's occupation. The application form shall also contain a space for the applicant to check the appropriate item of information if he is in active military service or is enrolled as a student in a school, college, or university.

"5. A statement that the applicant has resided in the state more than one year, in the county more than six months, and in the city or town (if a resident of an incorporated city or town) more than six months immediately preceding the date of application; or if not a resident for such length of time, a statement of the date on which he became a resident of the state, county, or city, as the case may be.

"6. A statement that the applicant is a citizen of the United States.

"7. If the applicant was registered in any other county of this state within the preceding three years, the name of the county in which he was registered and his last residence address in that county.

"8. If the application is made by an agent, a statement of the agent's relationship to the applicant.

"The application form shall contain a space for showing the address to which the certificate is to be mailed, if it is to be mailed to a temporary address. It shall also contain a space for showing the election precinct in which the applicant resides, but an application shall not be deficient for failure to list the number or name of the precinct or for listing an incorrect number or name where the applicant's correct address is given. It may also contain a space for the applicant's social security number and telephone number, but an application shall not be deficient for failure to list these numbers."

Sec. 6. Section 46a, Texas Election Code (Article 5.14a, Vernon's Texas Election Code), is amended to read as follows:

"46a. Registration certificate forms; information required on certificate

"Subdivision 1. Upon receiving the application of a voter who is entitled to register, the registrar shall prepare a voter registration certificate for the voter on a form prescribed by the Secretary of State. The Secretary of State may prescribe one or more forms for use in counties using electronic data processing methods for issuing certificates and a different form for use in counties not using those methods. The form shall be prepared in duplicate. The original shall be issued to the voter and the duplicate copy shall be retained by the registrar for his use in making up the list of registered voters and in maintaining a numerical record of the certificates issued.

"Subdivision 2. The registration certificates for each county shall be serially numbered, beginning with No. 1 for registrations for each voting

year, and the numbers shall be preceded by a letter or combination of letters to indicate the voting year, beginning with the letter A and proceeding in alphabetical order for each new voting year (i.e., the numbering shall begin with No. A-1 for the first year, with No. B-1 for the second year, No. AA-1 for the 27th year, and so on). The date on which the certificate is issued shall be shown on the certificate, but no date indicating the duration of its effectiveness shall be shown.

"Subdivision 3. Each certificate shall show the voter's name, age, address, election precinct number, a place for the voter's signature, and the date on which the certificate is issued. The certificate may also show other information which is furnished on the application, at the option of the registrar. It shall contain or be accompanied by a written instruction to the voter that the certificate is to be signed by the voter personally immediately upon receipt, if the voter is able to write his name.

"Subdivision 4. At the time he prepares the registration certificate, the registrar shall enter the registration certificate number in the appropriate space on the voter's application for registration.

"Subdivision 5. When under any provision of this code the registrar is directed to make a change or correction on a registration certificate, in his discretion he may issue a replacement certificate to the voter instead of making the change or correction on the existing certificate."

Sec. 7. Section 47a, Texas Election Code, as amended (Article 5.15a, Vernon's Texas Election Code), is amended to read as follows:

"47a. Registration record sheets; registration files

"Subdivision 1. As soon as practicable after a registration certificate is issued, the registrar shall make up for the voter a registration record sheet, on a form prescribed by the Secretary of State. The record sheet shall bear the same serial number as the registration certificate and shall show the voter's name, permanent residence address, and election precinct number, and optionally the voter's social security number and telephone number. It shall also show the voter's temporary address if one is shown on his application. The form shall contain suitable space for recording change of residence, transfer of registration to another election precinct, a record of the elections at which the voter votes, and information pertinent to cancellation of registration.

"Subdivision 2. (a) As they are made up, the registration record sheets shall be filed alphabetically by election precincts in an active registration record file, and they shall remain in that file as long as the registration continues in effect.

"(b) The registrar shall also maintain an inactive registration record file, which shall be arranged in alphabetical order for the entire county. The registrar shall place into this file the record sheet for each voter whose registration is cancelled. When a registration is cancelled, the registrar shall enter on the record sheet the date of cancellation and the reason. The record sheet shall be kept in the inactive file for a period of two years from the date of cancellation, after which it may be destroyed.

"Subdivision 3. (a) The applications on which registration certificates are issued shall be filed alphabetically for the entire county in an active

application file and shall remain in that file as long as the registration continues in effect.

"(b) The registrar shall also maintain an inactive application file, which shall be arranged in alphabetical order for the entire county. The registrar shall place into this file all applications which are rejected. He shall also transfer to the inactive file the application of each voter whose registration is cancelled. The registrar shall enter on the application form the date on which the registration is rejected or the date on which the registration is cancelled before filing an application in the inactive file. The application shall be kept in the inactive file for a period of two years from the date of rejection or cancellation, after which it may be destroyed.

"Subdivision 4. (a) After the registrar adds a voter's name to the list of registered voters from the duplicate registration certificate, he shall file the duplicate in an active duplicate registration certificate file. An active file for each voting year shall be maintained in numerical order for the entire county.

"(b) When a registration is cancelled, the registrar shall enter the date of cancellation on the duplicate certificate and shall transfer it to an inactive file arranged numerically for each voting year. The duplicate shall be kept in the inactive file for a period of two years from the date of cancellation, after which it may be destroyed.

"Subdivision 5. Applications and duplicate registration certificates may be removed from the registrar's office temporarily, under proper safeguards, for use in preparing registration certificates, lists of registered voters, and other registration papers by electronic data processing methods, but they may not be removed for any other purpose. Except as permitted in the preceding sentence, the applications, the duplicate registration certificates, and the registration record sheets shall be kept in the registrar's office at all times in a place and in such a manner as to be properly safeguarded. The files shall be open to public inspection at all times during regular office hours of the registrar, subject to reasonable regulations and to proper safeguards against alteration, mutilation, or removal."

Sec. 8. Section 48a, Texas Election Code (Article 5.16a, Vernon's Texas Election Code), is amended to read as follows:

"48a. Correction of errors on certificates; lost certificates

"Subdivision 1. Correction of error. When after issuance of a registration certificate it is discovered that an error has been made in filling out the blanks on the certificate through mistake of the registrar or through mistake of the voter in supplying the information, the voter may present the certificate to the registrar for correction and the registrar shall correct the information on the original certificate and on the registration records on file in his office.

"Subdivision 2. Error in election precinct. Except as permitted in Section 50a of this code, no person is entitled to vote in a precinct of which he is not a resident and an election officer shall not knowingly permit a voter to do so. However, where a voter is erroneously registered in a precinct in which he does not reside and the election officer permits him to vote without knowing of the erroneous registration, in an election contest a ballot cast in that precinct shall be given effect as to any offices or propositions on which the voter would have been entitled to vote in the

precinct in which he resides unless it is proved that the voter intentionally gave false information to procure his registration in the wrong precinct, in which event the ballot is void for all purposes.

"If an error in the election precinct has not been corrected on the certificate at the time the voter offers to vote at an election, he may vote in the precinct of his residence, if otherwise qualified, by making and leaving with the presiding judge of the election an affidavit that he is a bona fide resident of that precinct and qualified to vote at that election, and that the error on the certificate was not caused by an intentional misrepresentation on his part.

"Subdivision 3. Name omitted from list of registered voters. Where a voter's name is not shown on the precinct list of registered voters but the voter presents his registration certificate showing him to be registered in that precinct, the election officers shall permit him to vote and shall add his name, address, and registration certificate number to the list.

"Subdivision 4. Challenge of voter. Where a voter who does not present his registration certificate to the election officers claims to be registered in the precinct where he offers to vote, or claims to be erroneously registered in some other precinct, the presiding judge, if not satisfied as to his right to vote, may refuse to accept him unless he complies with the provisions of this code relative to challenge of a voter at the polling place. Where a voter claiming to be registered in the precinct is accepted, the presiding judge shall add the voter's name and address to the list of registered voters, with the notation that he voted on an affidavit of a lost certificate.

"Subdivision 5. Correction of registration records. Within 10 days after the election, the officer to whom the list of registered voters is returned shall notify the registrar of any additions which the election officers made to the list of registered voters. Within the same period, the officer to whom the affidavit of erroneous election precinct is returned shall notify the registrar of the names and other information contained in the affidavits used in the election. The registrar shall take the necessary steps to verify and correct the registration records, including a recall of the original registration certificates for correction where necessary. If the registrar finds that a person who voted is not registered, he shall report the matter to the prosecuting attorney.

"Subdivision 6. Replacement of lost certificate: If a voter to whom a registration certificate has been issued presents to the registrar his affidavit that the certificate has been lost or destroyed, the registrar shall issue to the voter a replacement certificate as a singly-copy document, showing the same registration number and the same information as shown on the original certificate. The registrar shall make a notation on the face of the certificate showing it to be a replacement. He shall attach the affidavit to the voter's application.

"A person who makes an affidavit that a registration certificate has been lost or destroyed, knowing the affidavit to be false, is guilty of a misdemeanor.

"Subdivision 7. Voting on affidavit of lost certificate. Notwithstanding Subdivision 6 of this section, a voter whose registration certificate has been lost or destroyed may vote without obtaining a replacement, upon making

and leaving with the election officers an affidavit of loss as provided elsewhere in this code."

Sec. 9. The Texas Election Code is amended by adding Section 18b, to read as follows:

"48b. Abolition of precinct or alteration of boundary

"In the event the precinct in which a registered voter resides is abolished or has its boundary altered, the registrar shall change the voter's registration records to show him to be registered in the proper precinct and shall mail a notice of the change to each voter affected, instructing him to make the change on his registration certificate. If the registrar is unable to determine the proper precinct of a voter from the information on the application, he shall mail a request to the voter for such additional information as will enable him to determine the proper precinct, and until the information is received he shall not place the voter's name on the list of registered voters for any precinct."

Sec. 10. Section 50a, Texas Election Code, as amended (Article 5.18a, Vernon's Texas Election Code), is amended to read as follows:

"50a. Change of residence; cancellation or transfer of registration

"Subdivision 1. Change of residence within precinct. A registered voter who changes his place of residence within the election precinct shall give written notice to the registrar of the change of address and present his registration certificate to the registrar. The registrar shall make the necessary change on the certificate and on the registration records in his office and shall return the certificate to the voter. He shall attach the notice to the voter's application, and shall change the address on the list of registered voters when he prepares the next annual list.

"Subdivision 2. Change of residence to another precinct within county. A registered voter who changes his residence to another election precinct within the county may vote in the precinct of his former residence, if otherwise qualified, during the first 30 days after the removal, but not thereafter, in any election other than an election which is subject to Section 35 of this code. If he obtains a transfer of his registration to the precinct of his new residence during the 30-day period, he may vote only in the precinct of his new residence after the fourth day following the transfer. He may not vote in the precinct of his new residence before the fifth day following the transfer.

"To obtain a transfer of his registration, the voter shall present his registration certificate to the registrar with a written, signed request that his registration be transferred to the precinct of his new residence. Upon receiving a request for transfer, the registrar shall make the necessary changes on the registration certificate and on the registration records in his office and shall return the certificate to the voter. He shall attach the request to the application and shall transfer the registration record sheet to the file for the precinct of the voters' new residence.

"Subdivision 3. Change of residence to another county. A registered voter who moves from one county to another within the state must reregister in the county of his new residence in the same manner as an initial registrant. However, during the first six months after removal the voter may

vote a limited ballot, as provided in Section 37c of this code, by either presenting a current registration certificate issued in the county of his former residence or making an affidavit that it has been lost or misplaced.

"Subdivision 4. Notification to registrar in county of former residence. Between March 1, 1972, and February 28, 1975, when the registrar receives an application for registration of a voter who was registered in some other county for any period of time after March 1, 1972, he shall notify the registrar of that county, giving him the voter's name, former residence address, and present residence address. Thereafter, when the registrar receives an application of a voter who was registered in some other county within the preceding three years, he shall notify the registrar of that county. Upon receipt of the notice, the registrar of the county wherein the voter was formerly registered shall cancel the registration in that county.

"Subdivision 5. (a) Before March 1, 1972, the registrar in each county shall take the necessary steps to have each postmaster in his county furnish him with the residential change-of-address information service available to election boards and registration commissions under United States Post Office Department regulations. The registrar shall request the information on all residential mail patrons within the county, retroactive to the date which the registrar deems suitable, but not earlier than October 1, 1971, to enable him to correct the registration records on voters who have moved after registering for the voting period which begins on March 1, 1972. He shall request that the information thereafter be furnished on a monthly basis, and from time to time he shall take whatever action is necessary to keep the request for this service in an active status at all times. Immediately after this section takes effect, the Secretary of State shall issue instructions to each registrar on how to proceed to obtain the service.

"(b) Except as provided in Paragraph (c) of this subdivision, the registrar and his employees may not use or permit any other person to use the information received from the post office for any purpose other than correcting the registration records and lists of registered voters maintained in his office. A violation of this provision is a misdemeanor.

"(c) Where a post office serves patrons living in more than one county, the postmaster and the registrars of the different counties shall agree upon an arrangement for furnishing all the change-of-address cards to one or the other of the registrars or for separating the cards and furnishing them to the several registrars in accordance with a stipulated plan. Within 30 days after a registrar receives the cards from the post office, he shall transcribe the information with respect to each person who resides in a different county onto a form prescribed by the Secretary of State, or shall duplicate or reproduce the information in some other manner agreeable to the postmaster and approved by the Secretary of State, and shall forward it to the registrar of the county in which the person resides. Each registrar shall assemble the necessary data to enable him to determine with reasonable accuracy in which county a person lives from his street address or rural route address. Where the patron was receiving his mail at a post-office box, the registrar receiving the information initially shall check his files to identify the patron as a registered voter insofar as he is able to do so, and shall forward the change-of-address information on all unidentified patrons to the registrar of the other county. He shall also follow this procedure in other doubtful cases.

"(d) If a person requesting a permanent change of address is registered as a voter, or where the change of address is requested for an entire family, if any other person having the same surname and address is registered, the registrar shall send a notice to each such person at the address on the registration record and at the new address furnished on the change-of-address form, requesting him to verify his current residence address and informing him of the necessity for changing the registration records if there has been a change in his legal residence. The notice shall state that the voter's registration will be cancelled if the registrar does not receive a reply within 30 days from the date on which the notice is mailed. If the voter replies to the notice, the registrar shall take the appropriate action indicated by the reply. If no reply is received, the registrar shall cancel the registration and shall notify the voter of the cancellation by registered or certified mail at the address given on the change-of-address form with a return receipt requested. The registrar shall reinstate the registration if within 30 days after the cancellation the voter furnishes information showing that he is still eligible for registration in that county. The notice of cancellation shall inform the voter of this right to reinstatement.

"(e) Where a postal patron was receiving his mail at a post-office box rather than a street address or a rural route address, the registrar shall undertake to identify the patron as a registered voter by checking the alphabetical precinct or county files for the same or a similar name. Where more than one person of the same or similar name is registered, the registrar shall use his discretion in pursuing his effort to identify the patron.

"(f) The Secretary of State shall keep the registrars informed of any changes in postal regulations which affect the procedures for utilizing the change-of-address service as a means for updating the registration records. If a change in postal regulations makes any of the procedures outlined in this subdivision impracticable, the Secretary of State is authorized to devise new procedures and to issue directives putting them into effect, with a view to utilizing the service in the most effective manner to obtain the full benefit of the information furnished.

"Subdivision 6. The Secretary of State shall prescribe forms for the various documents required by this section. However, the registrar may also accept and use forms other than those prescribed by the Secretary of State."

Sec. 11. The Texas Election Code is amended by adding Sections 50b, 50c, and 50d, to read as follows:

"50b. Extension or renewal of registration by voting or by request for renewal; cancellation for failure to renew

"Subdivision 1. Beginning with the elections held during the 1972 voting year, whenever a registered voter votes in a primary or general election for nomination or election of state and county officers, his registration is automatically extended or renewed for the succeeding three voting years unless, prior to the beginning of the first succeeding year, the registration is cancelled under some provision of this code.

"Within 30 days after each second (runoff) primary for nomination of state and county officers, the presiding officer or the county committee, board, or other body which is responsible for furnishing supplies for

the primary elections of each political party shall deliver to the registrar the list of registered voters used at the party's general primary and runoff primary in each election precinct in the county, marked to show the names of persons who voted at the election as provided elsewhere in this code. Within 30 days after the date of each general election for state and county officers, the county clerk shall deliver to the registrar the lists of registered voters used at the general election, marked to show the names of persons who voted at the election. From these lists, the registrar shall make a record on the registration record sheets of the voters who voted at these elections and shall extend or renew their registrations for the succeeding three voting years. The registrar shall preserve the lists for a period of four years following the close of the voting year in which the election occurred.

"Subdivision 2. Before the first day of January each year, the registrar shall examine the registration records to determine which registrations expire at the end of that voting year. Not earlier than November 15 and not later than January 15, he shall mail to each person whose registration is expiring, at the permanent address shown on the registration record and also at the temporary address if one is shown, a notice that it will be necessary for him to reregister if he wishes to vote at elections to be held on or after the following March 1, but that he may reregister for the succeeding three voting years by returning the notice to the registrar, with his signed statement thereon that he is still a qualified elector of the county, together with any change of address or other information necessary to bring his registration record up to date. The Secretary of State shall prescribe the form of the notices and request for reregistration referred to in this section.

"Subdivision 3. The notice referred to in Subdivision 2 of this section shall be marked with a direction to the postal authorities not to forward it to any other address and to return it to the registrar if the addressee is no longer at that address, with the reason for nondelivery and address correction information to be furnished to the registrar. The registrar may make whatever arrangements with the postal authorities which he deems suitable for handling the payment for the address correction service. When a notice is returned undelivered, with information that the voter has moved to a new address, the registrar shall send the registrant another notice by nonforwardable mail to the new address, if it is within the county, informing him that he may reregister by returning the notice, as stated in Subdivision 2 of this section. If the new address is outside the county, the registrar shall send the registrant another notice by nonforwardable mail to the new address, informing him that his registration will be cancelled unless he furnishes the registrar with information showing that he is still entitled to registration in the county but that he may reregister by returning the notice if he is still entitled to registration in the county.

"Subdivision 4. If the registrar receives a request for reregistration on or before the 31st day preceding the beginning of the succeeding voting year, he shall renew the registration effective on March 1 for the succeeding three voting years. On requests received after that date, the reregistration becomes effective on the 31st day after receipt. The registrar shall make a notation of the reregistration on the voter's registration record sheet and shall attach the request to the voter's application.

"Subdivision 5. Immediately after the 31st day preceding the end of each voting year, the registrar shall place into a suspense file the applications

and registration record sheets of the voters whose registration expires at the end of that year and who have not returned a request for reregistration. Where a request is received after that date, the registrar shall return the application and record sheet to the active file. During the month of January in the following year, the registrar shall close out the suspense file. He shall cancel the registration of each person whose records are in the file and shall send him a notice of the cancellation.

"Subdivision 6. Except where reinstatement of a cancelled registration is expressly provided for, a voter whose registration is cancelled must reregister in the same manner as an initial registrant.

"50c. Cancellation of registration upon death or judicial determination of disqualification

"Subdivision 1. Not later than the 10th day of each month, each local registrar of deaths in this state shall furnish to the registrar of voters of the county of residence of the decedent an abstract of the death certificate of each decedent over the minimum voting age who was a resident of this state at the time of his death. The abstract shall show the name, age, sex, place of residence, and date and place of death of the decedent. Upon receipt of an abstract, the registrar of voters shall determine if the decedent was a registered voter and, if so, shall cancel his registration.

"Subdivision 2. Not later than the 10th day of each month, the clerk of each county court or probate court in this state shall furnish to the registrar of voters of the county of residence of the person so adjudged, an abstract of each final judgment adjudging a person over the minimum voting age and resident within this state to be mentally incompetent or to be mentally competent. The abstract shall show the person's name and permanent address and any other available information which will assist in identifying the person in the voter registration files. Upon receipt of an abstract of an adjudgment of mental incompetence, the registrar shall determine if the person is a registered voter and, if so, shall cancel his registration. Upon receipt of an abstract of an adjudgment of mental competence, the registrar shall examine the extant cancelled registration files to ascertain whether the person was previously registered and whether his registration would still be current except for the cancellation upon his being adjudged incompetent, and if so, the registrar shall reinstate the registration.

"Subdivision 3. Not later than the 10th day of each month, the clerk of each court having jurisdiction of the trial of felony crimes shall furnish to the registrar an abstract of each unappealed conviction for a felony crime and of each final conviction in appealed cases. The registrar shall determine if the person convicted is a registered voter and, if so, shall cancel his registration.

"Subdivision 4. The reports required under Subdivisions 1, 2, and 3 of this section apply to deaths occurring, judgments of mental competency or incompetency entered, and felony convictions returned on and after October 1, 1972. The Secretary of State shall prescribe the forms for the abstracts required by Subdivisions 1, 2, and 3 of this section. The registrar of voters shall keep a supply of the forms on hand and upon request shall furnish blank forms to the officers in his county who are required to use them.

"Subdivision 5. Upon receipt of a certified copy of a final judgment in

an election contest proceeding adjudging a registrant not to be a qualified voter, the registrar shall cancel his registration.

"Subdivision 6. Whenever a registration is cancelled under Subdivision 2, 3, or 5 of this section, the registrar shall immediately mail a notice of the cancellation to the registrant at the permanent address shown on his registration record and also at the temporary address if one is shown. If subsequent to the cancellation of a registration under any provision of this section it is ascertained that the registration should not have been cancelled, the registrar shall reinstate it.

"50d. Change of name

"Subdivision 1. A registered voter who changes his name through marriage or judgment of a court shall present his registration certificate to the registrar, with a signed request that his name be changed on the registration records. The registrar shall issue a new certificate to the voter under his new name and shall transfer the duplicate of the old certificate to the inactive file. He shall change the registration record sheet to show the new name and certificate number and shall file it under the new name. He shall attach the request to the voter's application and enter the number of the new certificate on the application, and shall file both documents under the new name. He shall make a notation of the former name on the duplicate certificate and shall delete it from the list of registered voters when he adds the new name.

"Subdivision 2. If otherwise qualified, a voter whose name is changed is eligible to vote under the new registration at any election held more than four days after the registrar makes the change on the registration records. He may vote under the former registration at any election held within four days after the new registration, upon making affidavit that his certificate of registration under the former name has been surrendered to the registrar. The voter shall sign the form for the affidavit of a lost certificate, and the election officer shall add a notation in explanation of the circumstances."

Sec. 12. Subsection (1), Section 51a, Texas Election Code, as amended (Article 5.19a, Vernon's Texas Election Code), is amended to read as follows:

"(1) Before the first day of March each year, the registrar shall prepare for each election precinct of the county a certified list of registered voters who, as of the 31st day before March 1 (as of January 31, 1972, for the list prepared in 1972), are entitled to registration for the voting year in which March 1 falls. Each precinct list shall be prepared in two parts, each arranged alphabetically by the names of the voters and showing each voter's name, age, address, and registration number, and optionally his telephone number. On the first part of the original list shall be shown the names of voters who are qualified to vote in all elections as of March 1. On the second part shall be shown the names of voters who are not yet qualified to vote in all elections as of March 1. This list shall contain four columns, headed as follows:

	Not eligible to vote before date shown			
U.S. Representative		Statewide	State Elections County	City

For the various types of elections in which the voter is not yet eligible to vote, the registrar shall show the date on which he will become eligible. The registrar shall deliver to each board, executive committee, or other authority having the duty of furnishing supplies for any general, special, or primary election to be held within the county during the voting year for which the list is prepared, one set of such lists for all precincts in the county if any election which may be held by such authority is countywide, and one set of such lists for all precincts wholly or partially within the boundaries of the particular political subdivision if all elections which may be held by such authority are less than countywide. The registrar shall also furnish to each such authority, not less than 20 days before each election, an updated consolidated list of the voters in each precinct who will have been registered for 30 days on the day of the election and whose names do not appear on the original list. When a runoff election is held, before the first day of absentee voting in the runoff election the registrar shall prepare a consolidated list of the voters who will have been registered for 30 days on the day of the election and whose names do not appear on the original list or the supplemental list prepared for the first election. Between the fourth day before the election and election day in each election, he shall furnish a separate list of the voters who transfer their registration more than four days before the election and who are not included in a previous list. The supplemental lists shall be prepared in two parts, in the same form as the original lists. With each supplemental list the registrar shall also furnish a list of persons whose registration has been cancelled or transferred to another precinct since preparation of the last set of lists. The authority shall furnish to the presiding judge in each precinct the original and supplemental lists of voters in his precinct at the time it furnishes other election supplies. Prior to the opening of the polls, the presiding judge shall strike from the registration list the names of persons whose registration has been cancelled or transferred to another precinct."

Sec. 13. Section 51b, Texas Election Code (Article 5.19b, Vernon's Texas Election Code), is amended to read as follows:

"51b. Reimbursement of county by state

"Subdivision 1. Before April 1 of each year, the registrar shall submit to the Comptroller of Public Accounts a certified statement of the total number of registered voters shown on the precinct registration lists as of March 1 of that year, together with the total number of registration certificates which were issued during the 12-month period ending January 31 of the year in which the statement is submitted.

"Subdivision 2. Before June 1 of the year in which the statement is submitted, the Comptroller shall issue a warrant to each county in the aggregate of the following amounts:

"(1) 40 cents multiplied by the total number of new certificates, and

"(2) 20 cents multiplied by the difference between the total number of registered voters and the total number of new certificates issued, as shown by the certified statement required by Subdivision 1 of this section. However, before issuing a warrant the Comptroller may require additional proof to substantiate the statement.

"Subdivision 3. The disbursements prescribed by this section shall be made

from the general revenue fund as provided by legislative appropriations. All money received by a county under this section shall be deposited in the county treasury in a special fund to be used for defraying expenses of the registrar's office in the registration of voters. None of the money shall be deemed to be fees of office or be retained by the registrar as fees in counties where the registrar is compensated on a fee basis."

Sec. 14. Section 52a, Texas Election Code (Article 5.20a, Vernon's Texas Election Code), is amended to read as follows:

"52a. Deputy registrars

"Subdivision 1. The registrar may have such number of duly authorized and sworn deputies as he deems necessary to assist in the registration of voters. However, no deputy may be paid for his services except with the approval of the commissioners court. An unpaid deputy shall not be required to give a bond in connection with his services.

"Subdivision 2. It is the intent of the Legislature that the registrar shall establish a sufficient number of registration places throughout the county, and outside the county courthouse, for the convenience of persons desiring to register, to the end that registration may be maintained at a high level.

"Subdivision 3. Where the performance of the services is not contrary to some other provision of law, the head of any department of the state government, with the approval of the governing board where one exists, any county officer, and the head of any department of a city, town, or village, with the approval of the municipal governing board, may permit any of the officers and employees under his control to become deputy registrars of voters and to register persons on any premises and facilities under his control during the regular working hours of the deputized officer or employee.

"Subdivision 4. It is also the intent of the Legislature that the registrar, in order to promote and encourage voter registrations, shall enlist the support and cooperation of interested citizens and organizations, and shall deputize as registrars qualified citizens in such a way as to cover most effectively every section of the county. The persons so deputized shall be permitted to register voters anywhere within the county and to secure registrations at the places of residence of the persons to be registered, and the registrar shall not deny deputy registrars the right to register voters in accordance with this authorization.

"Subdivision 5. No voter registrar shall refuse to deputize any person to register voters because of race, creed, color, or national origin or ancestry. No bona fide resident of the county of good moral character shall be excluded from serving as deputy by the registrar."

Sec. 15. Section 53a, Texas Election Code (Article 5.21a, Vernon's Texas Election Code), is amended to read as follows:

"53a. Statement of registrations

"On or before March 5 of each year, the registrar shall make a statement to the Secretary of State and to the county clerk of the number of registered voters in each precinct as shown by the list of registered voters

on March 1. The statement shall become a record of the officer to whom the statement is made."

Sec. 16. The Texas Election Code is amended by adding Section 54c, to read as follows:

"54c. Penalty for misdemeanor offenses

"Unless some other penalty is expressly stated, each offense which is declared to be a misdemeanor by any provision of this chapter is punishable by a fine of not more than \$1,000."

Sec. 17. Section 90, Texas Election Code (Article 8.08, Vernon's Texas Election Code), is amended to read as follows:

"90. Procedure for accepting voter; signature roster

"Subdivision 1. An election officer shall receive from the voter his registration certificate, when he presents himself to vote. If the voter has lost or mislaid his certificate or left it at home, he shall make an affidavit of that fact. The election officer shall announce the voter's name in an audible voice and shall ascertain that his name appears on the list of registered voters or shall satisfy himself, in the manner stated in Section 48a of this code, that the voter is a registered voter and is entitled to vote in that precinct. He shall then require the voter to sign the signature roster provided for in Subdivision 3 of this section. If the voter has presented his registration certificate, the election officer shall compare the signature on the roster with the signature on the certificate to see that it is the same. If he finds that the signatures do not correspond, he shall not allow the voter to vote unless the voter complies with the procedure prescribed in Section 91 of this code for acceptance of a challenged voter.

"Subdivision 2. When a voter is accepted for voting, the election officer shall place a notation on the list of registered voters showing that he has voted and shall enter the voter's name on the poll list. The names on the poll list shall be entered in the same order as the names on the signature roster. The officer shall return the registration certificate to the voter and shall allow him to select his ballot. The voter shall then immediately retire to a voting booth or a place prepared for voting by the election officers, and there prepare his ballot in the manner provided by law.

"Subdivision 3. There shall be kept at each polling place a signature roster of persons offering to vote at the election. Each person offering to vote shall sign the roster if he is able to do so. If a voter is unable to sign his name, an election officer shall enter the voter's name on the roster and shall make a notation of whether the voter is unable to sign because of physical disability, blindness, or illiteracy. If a person is rejected for voting after signing the roster, the presiding judge shall make a notation of that fact by the person's name, stating the reason for the rejection. After the election is over, the signature roster shall be returned with the copy of the poll list which is intended for public inspection and shall be preserved under the same rules as the poll list."

Sec. 18. Section 93, Texas Election Code, as amended (Article 8.11, Vernon's Texas Election Code), is amended to read as follows:

"93. Delivery of ballot

"Subdivision 1. After all defectively printed ballots have been removed, the presiding judge shall cause his signature to be placed on the back of each ballot to be used at the election. The ballots may be signed by the presiding judge in his own handwriting, or they may be stamped with a facsimile of his signature by the presiding judge or by another election officer under his direction. Where a stamp is used, the presiding judge shall take the necessary precaution to see that the stamp is properly safeguarded at all times so that no unauthorized use may be made of it.

"Subdivision 2. After the signature of the presiding judge is placed on the back of the ballots, one of the election officers shall thoroughly disarrange and mix the ballots so that they no longer are in consecutive numbered sequence or in any sequence of arithmetic or geometric progression, and then place the ballots face down in a stack or stacks from which each voter shall be allowed to take his own ballot without the number being known to or written down in any manner by an election officer."

Sec. 19. Section 37, Texas Election Code, as amended (Article 5.05, Vernon's Texas Election Code), is amended by adding Subdivision 2c, to read as follows:

"Subdivision 2c. Comparison of signatures. Before furnishing a ballot to an absentee voter who presents his registration certificate with his application, the clerk shall compare the signature on the application with the signature on the certificate. If he finds that the signatures do not correspond, he shall not furnish a ballot to the voter unless the voter complies with the procedure prescribed in Section 91 of this code for acceptance of a challenged voter. In each instance, both on applications made by mail as well as those made by personal appearance, the clerk shall inform the voter of the ground of the challenge and the procedure necessary to enable the voter to obtain a ballot. Where application is by mail, the clerk shall mail a notice to the voter on the same day that the comparison is made."

Sec. 20. Subsections (4), (5), and (6), Section 179a, Texas Election Code, as amended (Article 13.01a, Vernon's Texas Election Code), are amended to read as follows:

"(4) An applicant for party affiliation shall become a qualified member of a political party which is holding primary elections when he has voted within the that party's primary or has taken part in a convention of that party prior to a primary. At the head of the signature roster for each primary election there shall be printed the following statement: 'I swear that I have not voted at a primary election or participated in a convention of any other political party during this voting year.' The presiding judge or another election officer designated by him shall place each voter under oath and require him to swear to this statement before he signs the roster. The presiding judge shall issue to each voter in a general primary election, and to each voter in a second primary election who requests it, a certificate in the following form:

Date_____

_____ has voted on this date in the
(Name of Voter)

primary election of the _____ Party.

Presiding Judge, Precinct No. _____,

County, Texas.

The county clerk shall furnish to each absentee voter in a general primary election, and to each absentee voter in a second primary election who requests it, a certificate in the form prescribed above, substituting the clerk's title for that of the presiding judge of the election precinct.

"(5) To become qualified to participate in any party convention of a party which does not hold a primary or to become qualified for party membership for any party convention held prior to a primary, each voter who desires to participate in the convention shall state and sign an affidavit under oath to the precinct chairman that he has not participated in the primary or convention of any other party during that voting year. Thereupon, the precinct chairman shall issue to the voter a certificate in the following form:

Date _____
_____ has affiliated with the
(Name of Voter)
_____ Party for the current year.

Precinct Chairman, Precinct No. _____,

County, Texas.

Each precinct chairman is authorized to administer the oath required by this subsection. Within 10 days after the precinct convention, he shall arrange the affidavits in alphabetical order and deliver them to the county clerk. If he receives an affidavit after the date of the precinct convention, he shall deliver it to the county clerk within 10 days after he receives it. The county clerk shall keep the affidavits on file in alphabetical order within each precinct for a period of two years after the end of the voting year in which they are filed. The county clerk shall maintain a separate file for each political party.

"(6) A certificate issued by the presiding election judge, the county clerk, or the precinct chairman as provided in this section shall serve as evidence that the person whose name appears on the certificate is affiliated with the party designated on the certificate and is therefore eligible to participate in that party's conventions."

Sec. 21. Sections 44a and 44b, Texas Election Code (Articles 5.12a and 5.12b, Vernon's Texas Election Code), are suspended. Section 55, Texas Election Code (Article 5.23, Vernon's Texas Election Code), is repealed.

Sec. 22. Effective dates of sections. (a) Immediately upon the effective date of this Act, Sections 2, 3, 4, 5, 6, 7, 9, 11, 12, 14, 15, and 16 take effect for registration to vote at elections held on and after March 1, 1972, to continue in effect as stated in Section 23 of this Act. The law as it exists

before the amendments made by these sections continues in effect for registration to vote at elections held before March 1, 1972.

(b) Sections 1, 8, 10, 17, 18, 19, 20, and 21 take effect on March 1, 1972.

(c) Section 13 takes effect on the effective date of this Act.

Sec. 23. Contingent permanency of sections. (a) Sections 1 through 20 of this Act are enacted as a temporary law, to expire if neither of the contingencies stated in Subsection (b) of this section occurs, whereupon the law as it existed before the effective date of this Act, with the modifications made in Section 24, again becomes operative until otherwise provided by the Legislature. However, Sections 1 through 20 become permanent law upon the occurrence of either of the two contingencies stated in Subsection (b), and simultaneously Sections 44a and 44b, Texas Election Code (Arts. 5.12a and 5.12b, Vernon's Texas Election Code), are repealed.

(b) Sections 1 through 20 become permanent:

(1) if the final judgment in the case styled Jimmy F. Beare, et al, v. Preston Smith, as Governor of the State of Texas, et al, Civil Action No. 70-C-42, in the United States District Court for the Southern District of Texas, Corpus Christi Division, holds in effect that the provision in Article VI, Section 2 of the Constitution of Texas which requires annual voter registration violates the Constitution of the United States; or

(2) if a Constitutional Amendment deleting the requirement for annual registration is submitted by the 62nd Legislature and is adopted by the qualified voters of this state.

Not later than 15 days after the judgment in Beare v. Smith becomes final, the Attorney General shall certify the holding to the Governor and the Secretary of State. If a certification is made that the holding in the case does not invalidate the provision in Section VI, Section 2, and the certification antedates an election submitting a Constitutional Amendment deleting the provision, the Governor shall await the outcome of the election and shall then issue a proclamation declaring whether Sections 1 through 20 of this Act expire or become permanent; otherwise, he shall issue the proclamation immediately upon receipt of the certification from the Attorney General. If these sections do not become permanent, they expire on the date of the Governor's proclamation, and the former law, as modified by Section 24 of this Act, again becomes operative on that date.

Sec. 24. This section takes effect only if Sections 1 through 20 of this Act expire, as conditioned in Section 23. Upon the effective date of this section, simultaneously with the expiration of those sections, Sections 43a and 51b, Texas Election Code, as amended (Articles 5.11a and 5.19b, Vernon's Texas Election Code), are amended to read as follows:

"43a. Period for registration; period for which registration is effective

"Subdivision 1. As used in this code, a 'voting year' is a period of one year beginning on March 1 of each calendar year. The regular period for registration for each voting year is from the first day of October through the 31st day of January preceding the beginning of the voting year. Regis-

tration during this period entitles the registrant, if otherwise qualified, to vote at elections held at any time during the voting year for which he is registered. Registration for a voting year shall also be conducted at all other times, beginning with the first day of March, except during the last 30 days of the voting year. A person who registers after the beginning of the voting year is not entitled to vote until the expiration of 30 days after registration.

"Subdivision 2. All uncanceled registration certificates issued for voting at elections held on or after March 1, 1972, are valid for the remainder of the voting year in which this amendment takes effect. If the amendment takes effect during the months of October, November, December, January, or February, they are also valid for the succeeding voting year."

"51b. Reimbursement of county by state

"Subdivision 1. Before April 1 of each year, the registrar shall submit to the Comptroller of Public Accounts a certified statement of the total number of voters registered under this code during the 12-month period ending January 31 of the year in which the statement is submitted.

"Subdivision 2. Before June 1 of the year in which the statement is submitted, the Comptroller shall issue a warrant to each county in the amount of 40 cents multiplied by the total number of voters registered as shown by the certified statement required by Subdivision 1 of this section. However, the Comptroller may, before issuing a warrant, require satisfactory proof of the number of voters registered in the county during the 12-month period mentioned in Subdivision 1.

"Subdivision 3. The disbursements prescribed by this section shall be made from the general revenue fund as provided by legislative appropriations. All money received by a county under this section shall be deposited in the county treasury in a special fund to be used for defraying expenses of the registrar's office in the registration of voters. None of the money shall be deemed to be fees of office or be retained by the registrar as fees in counties where the registrar is compensated on a fee basis."

Sec. 25. On the effective date of this Act, Section 40, Texas Election Code, as amended (Article 5.08, Vernon's Texas Election Code), is amended by adding Subsection (m), to read as follows:

"(m) The residence of a person under 21 years of age who is not married or has not been married or has not had the disabilities of minority removed through a proceeding in a court of competent jurisdiction is at the place of residence of the parent or parents, or other person standing in loco parentis, having custody of the minor. The residence of a person under 21 years of age who is married or has been married or has been emancipated from the disabilities of minority by court order is determined in accordance with the rules applying to persons of full age."

Sec. 26. If any provision of this Act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

Sec. 27. The importance of this legislation and the crowded condition of

the calendars in both Houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

Be it Enacted by the Legislature of the State of Texas:

Section 1. Section 8, Chapter 304, Acts of the 55th Legislature, Regular Session, 1957, as amended (Article 664-3, Vernon's Texas Civil Statutes) is amended to read as follows:

"Contract Purchase Procedure

Section 8. (a) Notice. Notice inviting bids shall be published at least once in at least one newspaper of general circulation in the state and at

least seven days preceding the last day set for the receipt of bids. The newspaper notice shall include a general description of the articles to be purchased, and shall state where bid blanks and specifications may be secured, and the time and place for opening bids.

"(b) Bidders List. The Board shall maintain a bidders list and shall add or delete names from the list by the application and utilization of applicable standards set forth in subsection (e) of this section. In any case, bid invitations shall be sent only to those who have expressed a desire to bid on the particular types of items which are the subject of the bid invitation. Use of the bidders list shall not be confined to contract purchases but it may be used by the Board as it may find desirable in making any purchase.

"(c) Bid Deposits. When deemed necessary by the Board bid deposits in amounts to be set by the Board shall be prescribed in the public notices and the invitation to bid. The Board shall establish and maintain records of bid deposits and their disposition with the cooperation of the State Auditor, and upon the award of bids or rejection of all bids, bid deposits shall be returned to unsuccessful bidders making bid deposits. The Board may accept a bid deposit in the form of a blanket bond from any bidder.

"(d) Bid Opening Procedure. Bids shall be submitted to the Board sealed and identified as bids on the envelope. Bids shall be opened by the Board at the time and place stated in the public notices and the invitation to bid; provided, the State Auditor or a member of his staff may be present at any bid opening. A tabulation of all bids received shall be available for public inspection under regulations to be established by the Board.

"(e) Award of Contract. The Board shall award contracts to the bidder submitting the lowest and best bid conforming to the specifications required by the Board. Complying with the specified time limit for submission of written data, samples, or models on or before bid opening time is essential to the materiality of a bid, provided however that the Board shall have the authority to waive this provision if the failure to comply is beyond control of the bidder. In determining who is the lowest and best bidder, in addition to price, the Board shall consider:

(1) The ability, capacity and skill of the bidder to perform the contract or provide the service required;

(2) Whether the bidder can perform the contract or provide the service promptly, or within the time required, without delay or interference;

(3) The character, responsibility, integrity, reputation, and experience of the bidder;

(4) The quality of performance of previous contracts or services;

(5) The previous and existing compliance by the bidder with laws relating to the contract or service;

(6) Any previous or existing noncompliance by the bidder with specification requirements relating to time of submission of specified data such as samples, models, drawings, certificates or other information;

(7) The sufficiency of the financial resources and ability of the bidder to perform the contract or provide the service;

(8) The quality, availability and adaptability of the supplies, or contractual services, to the particular use required;

(9) The ability of the bidder to provide future maintenance, repair parts, and service for the use of the subject of the contract;

(10) The number and scope of conditions attached to the bid.

(f) Rejection of bids. If a bid is submitted in which there is a material failure to comply with the specification requirements, such bid shall be rejected and the contract awarded to the bidder submitting the lowest and best bid conforming to the specifications, provided, however, the Board shall in any event have the authority to reject all bids or parts of bids when the interest of the state will be served thereby.

“(g) Bid Record. When an award is made a statement of the basis for placing the order with the successful bidder shall be prepared by the purchasing division and filed with other papers relating to the transaction.

“(h) Tie Bids. In case of tie bids, quality and service being equal, the contract shall be awarded under rules and regulations to be adopted by the Board.

“(i) Performance Bonds. The Board may require a performance bond before entering a contract in such amount as it finds reasonable and necessary to protect the interests of the state. Any bond required under this subsection shall be conditioned that the bidder will faithfully execute the terms of the contract into which he has entered. Any bond required shall be filed with the Board and recoveries may be had thereon until it is exhausted.”

Sec. 2. The importance of this legislation and the crowded condition of the calendars in both Houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

HB 203, A bill to be entitled An Act amending Chapter 100, Acts of the 55th Legislature, Regular Session, 1957 (Article 6252-9, Vernon's Texas Civil Statutes), establishing standards of conduct of Members of the Legislature, legislative employees, elective state officials, appointed state officials of a state agency, employees of a state agency, and any person who has an office of honor or trust in the State of Texas or any of its political subdivisions; prohibiting certain acts; making procedures in the State Ethics Commission; providing penalties; and declaring an emergency.

Be it Enacted by the Legislature of the State of Texas:

Section 1. Chapter 100, Acts of the 55th Legislature, Regular Session, 1957 (Article 6252-9, Vernon's Texas Civil Statutes), is amended to read as follows:

"Section 1. Declaration of Policy. It is hereby declared to be the policy of the Legislature of the State of Texas that no Member of the Legislature, legislative employee, elected state official, appointed state official, employee of a state agency, or any person who has an office of honor or trust in the State of Texas or any of its political subdivisions shall have any interest, financially or otherwise, directly or beneficially or engage in any business transaction or professional activity or incur any obligation of any nature which is in substantial conflict with the proper discharge of his duties in the public interest. To implement such policy and to strengthen the faith and confidence of the people of Texas in their government, there is hereby enacted a code of ethics setting forth standards of conduct to be observed by state officers and employees in the performance of their official duties. It is the intent of the Legislature that this code shall serve not only as a guide for official conduct of the state's public servants, but also as a basis for discipline to those who refuse to abide by its terms.

Section 2. This Act shall apply to Members of the Legislature, legislative employees, elected state officials, appointed officials of a state agency, employees of a state agency and any person who has an office of honor or trust in the State of Texas or any of its political subdivisions as those terms are defined herein.

Section 3. Definition. In the Act, unless the context otherwise requires:

(1) 'Member of the Legislature' means Members of the Texas House of Representatives and Texas Senate.

(2) 'Legislative employee' means an officer or employee of the Legislature, Legislative Budget Board, Legislative Council, Legislative Reference Library, the State Auditor's Office and any subsequently created Legislative Board, but does not include Members of the Legislature.

(3) 'Elected state officials' means:

(A) those officials of the government of the State of Texas who are elected in each statewide election except officials of the judicial branch of government;

(B) elected officials of the judicial branch of government;

(C) Members of the Texas House of Representatives and Texas Senate;

(D) all other elected officials of the State of Texas or any political subdivision thereof.

(4) 'Appointed state officials' means any person appointed to any office, commission or board established by or under the authority of the Constitution and Laws of the State of Texas.

(5) 'Employees of state agencies' means all employees of any state agency.

(6) 'State agency' means any office, department, commission, or board established by or under the authority of the Constitution and Laws of the State of Texas.

(7) 'Regulatory agency' means any board or commission established by or under the authority of the Constitution and Laws of the State of Texas, or successor agencies exercising regulatory authority in the field.

(8) The term 'appear', as used herein, means, in addition to its common usage, acting in any manner in behalf of a client or principal to influence the decision of any administrative agency; but the term shall not include acting in behalf of the constituent to determine the status of a matter before a state agency without accepting any compensation or promise of benefit and without attempting to influence the outcome.

(9) 'Substantial interest' means

(A) controlling interest in any business entity;

(B) ownership of in excess of 10% of the voting interest in the business entity;

(C) any participating interest, by shares, stock or otherwise, whether or not voting rights are included, in the profits, proceeds, or capital gains of the business entity, in excess of 10% of same, or

(D) the holding of a position as member of a board of directors or other governing board or an elected officer or employee of a business entity.

(10) 'Business entity' includes any person, corporation, firm, partnership, joint stock company, receivership, trusteeship, or any other entity recognized in law through which business may be conducted.

(11) 'Substantial conflict' means that a person subject to this Act has an interest which is in conflict with the proper discharge of his duties in the public interest and of his responsibilities to the public interest.

Section 4. Standards of Conduct.

(a) No person covered under this Act shall receive any form of compensation from private sources for his duties as a public official or enter into any agreement, express or implied, for compensation for services in connection with any judicial or administrative procedure or activity wherein his official position might reasonably be expected to give him unusual influence;

(b) Ask, receive, or agree to receive anything of value upon any understanding that his official vote, opinion, judgment, or action will be influenced thereby;

(c) Receive any gift regardless of the form of such gift, under circumstances in which it could reasonably be inferred that the gift was made to influence him directly in the performance of his official duties.

(d) Use his official position to secure privileges or exemptions for himself or others, or have any interest, financial or otherwise, directly or beneficially, or engage in any business transaction or professional activity or incur any obligation of any nature which is in substantial conflict with the proper discharge of his duties in the public interest.

(e) If any person covered under this Act or such person's spouse or a dependent is an officer, agent, financial associate or member of, or owns a substantial interest, directly or beneficially, in any activity which is subject to the jurisdiction of a regulatory agency of this state, a record of such relationship or substantial interest shall be made a matter of public record by filing with the Secretary of State annually by January 31st.

(f) No Member of the Legislature who has a personal or private interest in any measure or bill, proposed or pending before the Legislature, shall vote thereon, but shall disclose such interest to the House of which he is a Member and such statement shall be recorded in the Journal.

(g) No person covered under this Act shall accept employment or engage in any business or professional activity which he might reasonably expect would require or induce him to disclose confidential information acquired by him by reason of his official position.

(h) No person covered under this Act shall disclose confidential or privileged information gained by reason of his official position to any person, firm, corporation, group, or official not entitled to receive such confidential or privileged information, nor shall he use such information for his personal gain or benefit.

(i) No person covered under this Act shall transact any business in his official capacity with any business entity of which he, such person's spouse

or a dependent, is an officer, agent, or Member, or in which he owns a substantial interest, either directly or beneficially.

(j) No person covered under this Act shall make investments in any business entity or enterprise, either directly or beneficially, which will create a substantial conflict between his interest and the public interest or which will place him in a position of advantage in his private interest against others having a like private interest. Without lessening the standards set forth above, it is declared that a substantial conflict of interest exists when the investment is in excess of the value of \$25,000.00, unless the investment is in a corporation in which the officer or employee owns less than 10% of the voting interest and does not otherwise control the corporation.

(k) No person covered under this Act shall sell goods or services to any business entity which is licensed by or regulated in any manner by the state agency in which such person serves.

(l) No person covered under this Act shall appear in behalf of another before any state agency in any matter for which he is being compensated at any time when legislation directly affecting such state agency is pending before the Legislature or any committee of which he is a member, if such Member is in a position to influence the outcome of such legislation other than his own vote, provided, however, that the provisions hereof shall not apply to any hearing or proceeding which is adversary in character or on which a record of such hearing or proceeding is made by the agency involved or such appearance is a matter of public record.

(m) No Member of the Legislature shall introduce or cause to be introduced, any proposed legislation which affects directly any client or employer of said Member and no Member shall sponsor or cause to be sponsored any legislation directly affecting any client or employer from which said Member receives a retainer fee or any other financial remuneration during said Member's tenure in the Legislature, regardless of whether the Legislature is in session. This subsection shall not apply to any proposed legislation which affects such client or employer only because such client or employer is a member of a class which is affected by such proposed legislation, if the proposed legislation affects the client or employer only in the same manner as all other members of the class.

(n) Nothing in this Act shall preclude a person covered under this Act from acting in behalf of a constituent to determine the status of a matter before a state agency without accepting compensation therefor.

(o) On or before the last Friday of April of each calendar year, each elected state official and appointed state official and each state employee or legislative employee if such legislative or state employee's annual salary from the State of Texas exceeds \$11,000, shall file with the Secretary of State a financial statement which shall be a public record covering sources of income, acquisitions, investments, and divestments obtained or consummated during the preceding calendar year of the individual filing the statement, and his spouse, and shall be in the following form:

- (c) Each appointed member to the commission shall serve terms of two years. Terms expire on January 1 of odd-numbered years.
- (d) Vacancies shall be filled for the unexpired term by appointment by the person making the appointment which has become vacant, and in the case of a Member of the Legislature, if the Legislature is not in session, by appointment by the presiding officer.

- (f) The commission may make rules and regulations to govern its proceedings consistent with this Act.
- (g) The commission shall have the power to investigate alleged violations of this Act.
- (h) The commission shall have full investigatory powers and subpoena powers; however, no subpoena may be issued pertaining to any investigation until the commission adopts a resolution by a majority vote of the members of the commission defining the nature and scope of the investigation.

(i) Actions of the commission require the concurrence of a majority of the members, including the concurrence of two Members from the same House when the action pertains to that House or a Member of that House.

(j) In the event that HJR 96 of the 62nd Legislature, amending Article III, Section 24, of the Texas Constitution, by providing for a State Ethics Commission, is adopted by the people of Texas, the members of that commission appointed pursuant to Article III, Section 24, shall constitute the State Ethics Commission referred to in this Act and Subsections (a), (b), (c), (d), (e), (h) and (i) of this Section shall be repealed.

Section 9. In the event that HJR 96 of the 62nd Legislature, amending Article III, Section 24, of the Texas Constitution, is adopted by the people of Texas, in addition to the financial statement required to be filed under Subsection (o) of Section 4, on or before the last Friday of April in each calendar year, each elected state official and appointed state official, and each legislative or state employee if such legislative or state employee's annual salary from the State of Texas exceeds \$11,000 shall file with the State Ethics Commission, a full and complete financial disclosure pursuant to rules, regulations and directions and in such form as is provided for by the State Ethics Commission. Said financial disclosure shall include, among other things and in no way a limitation, sources of income, real property acquired or sold, list of all stock bonds, and other commercial property held, acquired or sold during the reporting period as well as a list of all assets and liabilities acquired during such reporting period. This information is to be used by the State Ethics Commission for the purpose of determining conflicts of interest and other uses as provided for in the Constitution.

Section 10. In establishing the membership of the initial commission under this Act, if the Legislature is not in session, the Members from the House of Representatives and the Senate shall be selected by secret ballot by October 1, 1971. The ballots shall be deposited with the Chief Clerk of the House and the Secretary of the Senate by the Representatives and Senators, respectively. The Chief Clerk of the House and the Secretary of the Senate shall establish procedures governing the balloting and shall certify the totals to the Speaker of the House and the President of the Senate, respectively. Those Members receiving the most votes shall serve as members of the commission until the convening of the next regular session.

Section 11. If any section, subsection, sentence, or clause of this Act shall for any reason be held void or unconstitutional, such decision shall not affect the validity of any other portion of this Act, it being the intention of the Legislature to pass the valid sections, subsections, sentences, clauses, and parts of this Act even though one or more of the same shall be held to be invalid."

Sec. 2. Repeal. All laws of this state in conflict with provisions of this law are hereby repealed.

Sec. 3. The fact that standards of ethical conduct for public servants are not clearly defined and that the same tends to detract from the respect that governmental processes must enjoy if democratic government is to be effective, and the fact that delay in rectifying this fault may cause further erosion of public respect create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby

suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

Mr. Jim Nugent moved to suspend all necessary rules and to adopt the Conference Committee Report on HB 203.

(Mr. Wayne in the Chair)

The motion prevailed by the following vote:

Mr. Jim Nugent moved to reconsider the vote by which the Conference Committee Report on HB 203 was adopted and to table the motion to reconsider.

The motion to table prevailed.

REASON FOR VOTE

I voted Present-Not Voting on HB 203 because this bill was apparently substantially changed by the Conference Committee and was brought to the House for a vote to adopt the Conference Committee Report five minutes before 12 midnight on the 140th day of the session. For that reason I could not vote either Yea or Nay on such important legislation.
